# September Craft Club Box Project Instructions

It's time to decorate for Fall!

## Door Tags

1. Paint the edges of your Door Tags
2. Paint the front of your Door Tags with as many coats as needed to achieve your desired look. Allow paint to dry completely
3. Once your paint has dried, place the stripes on one, then "hello" over top. The stripes may hang over the edge of your Door Tag, so either fold over or trim off with an X-ACTO knife
4. Place your leaf vinyl on the other Door Tag
5. Divide the wooden beads onto 3 pipe cleaners. Paint your beads evenly by holding one end of the pipe cleaner and turning. Allow to dry completely and remove from pipe cleaners
6. Overlap two pipe cleaners by an inch, twist together overlapping pieces
7. String beads to the middle of your pipe cleaner. Put two ends through both holes of the door tag and twist together creating a looped hanger
8. Twist remaining pipe cleaner around the bottom of your looped hanger (where it meets the door tags). Twist each end around your finger to create a spiral.
9. To create the bow, simply hold the thin ribbons and push up the plastic tab. Tie to pipe cleaners.

## Removable Vinyl Bats

Feeling batty?! Halloween is right around the corner, and we are so excited to offer this sheet of peel & stick unique Halloween decor! These bats are easily removable from any smooth surface- so they make the perfect addition to your spooky display! Simply peel them off the sheet and stick them to the wall (or door, window, cupboard, etc). When Halloween is over, gently and slowly peel them back off. If you are careful enough, you may even be able to get a second (or third!) use out of them next year! (Keep the sheet that they came on so you can place them back on there).

### BOX CONTENTS:

(2) 12x5 Door Tags  
½ oz. Antique White Paint
